39	5
40	1

The QSC 3-Gun season consists of 9 possible matches. One of these matches is the team relay which does not count toward your individual standings. This leaves 8 scoreable matches. When all 8 matches in a season happen the 2 lowest scoring matches will be dropped for each competitor. If there are 7 scoreable matches then the lowest scoring match will be dropped for each competitor. If there are 6 or fewer scoreable matches, then all matches will count. A DQ is counted the same as a missed match, both earning zero points. If you have shot in multiple divisions in a season points earned in one division are not transferable to another division.
